ALLIES DECLINE TO ALTER LABOR TERMS OF PACT

Germany Told That She Must Sign Treaty as it Stands.

By Associated Press Leased Wire
Berlin, Wednesday, May 14.—(Delayed)—Count Von Brockdorff-Rantzau, the head of the German peace delegation, in communicating to the other members of the delegation the text of the three notes he sent to Premier Clemenceau pointed out that the peace treaty in its present form could not be accepted and could not be signed because it was impossible to fulfill its terms.

By Associated Press Leased Wire
Paris, Wednesday, May 14.—(Delayed)—The council of four has declined to consider the note from Count Von Brockdorff-Rantzau, chief of the German peace mission, relative to international labor legislation. In a note sent to the German delegation today, M. Clemenceau, president of the peace conference, says that the allied and associated governments are of the opinion that their decisions give satisfaction to the anxiety which the German delegate professes for social justice and insure the realization of reforms which the working classes have more than ever a right to expect after the cruel trial to which the world has been subjected during the last five years.

Clemenceau's Note
The text of the reply to the German note sent by M. Clemenceau follows:
"Sir: I have honor to acknowledge the receipt of your letter of May 10 in regard to international labor legislation. Together with a draft of an international agreement on labor law. The reply of the allied and associated governments is as follows:
"They take note of the declaration made by the German delegates that domestic peace and the advancement of mankind depend upon the adjustment of the labor question and they are convinced that such adjustment will be rendered easier in the future than in the past, as men's minds are freed from the fear of war and industry is relieved of the burden of armaments which German militarism has imposed upon it.
"Part XIII of the draft of the conditions of peace provides a means by which such adjustments can be made and section II of this part of the draft lays down the principles which will progressively guide the labor organization and the league of nations. Article 427 indicates clearly that the enumeration of the principles set forth is not exhaustive. The purpose of the labor organization is that it should promote the constant development of the international labor regime.
"Must Sign Convention
"The labor convention has been inserted in the treaty of peace and Germany will therefore be called upon to sign it. In the future the rights of your country to participate in the labor organization will be secured, so soon as she is admitted into the league of nations in accordance with article I of the treaty.
"It has not been thought necessary to summon a labor conference at Versailles. The conclusions of a syndical conference at Berne, which are reproduced in the draft of the international agreement on labor law referred to in the first paragraph of your letter of the 16th instant had already been studied with the closest attention. Representatives of the trade unions had taken part in the preparation of the articles relating to labor.
"Conference at Washington
"As appears, moreover, from the annex to section II of part XIII, page 200, the program of the first session of the International labor conference to be held at Washington next October comprises the most important of the questions raised at the syndical conference at Berne. Trade unions will be invited to take part at that conference and it will be held under direct rules which provide for due effect being given to conclusions subject only to the assent of the competent authorities in the countries represented.
"The draft of the international agreement on labor law, prepared by the German government is deficient in that it makes no provision for the representation of the workers.

Chicago-Cleveland Air Mail Service Inaugurated Today

By Associated Press Leased Wire
Chicago, Ill., May 15.—The first airplane in the new Chicago-Cleveland airmail service, left here today at 9:35 a. m. The mail is due in Cleveland at 2 p. m. Trent C. Fry is pilot of the machine, which is a De Havilland four, the mail bag weighing 45 pounds.

The first leg of the flight terminates at Bryan, O., and it was announced that the 181 miles to that point would be made in about 100 minutes. There the bag will be transferred to another plane for the rest of the trip into Cleveland. The west bound mail from Cleveland will also be relayed at Bryan.

MAIL LEAVES CLEVELAND.

By Associated Press Leased Wire
Cleveland, O., May 15.—Daily air mail service between Cleveland and Chicago was started at 9:30 o'clock this morning when pilot Edward Gardner in airplane No. 76 took the air. He carried six pouches of mail weighing about fifty pounds each. He is scheduled to reach Chicago between 1 and 2 p. m.

NAVAL DIRIGIBLE C-5 READY FOR OVERSEAS TRIP

Reaches St. Johns, N. F., After Being in Air for 25 Hours.

By Associated Press Leased Wire
St. Johns, N. F., May 15.—The C-5 was ready for a flight across the Atlantic, her commander, Lieut. Commander Coll, declared as he stepped out of the dirigible's basket. Both the dirigible and the machine stood the trip well he said. As yet, he added no orders had been issued for future movements.

The American naval dirigible C-5, scheduled for a possible non-stop flight from this port to the British Isles, arrived here today after a day and night cruise from Montauk Point, N. Y. The balloon had been in the air 25 hours and 45 minutes.

The C-5 reached the Quivirdi anchorage at 1:45 p. m. Greenwich time (9:45 a. m. New York). The start from Montauk Point was made at 8 a. m. yesterday.

Makes Perfect Landing.
With Lieutenant D. P. Campbell at the wheel, the big bag made a perfect landing within the narrow confines of the old cricket field used as an anchorage. It had been seeking St. Johns for several hours, its radio having been out of commission for a time. Lieutenant Commander Coll said, and the last few miles of the journey was made by following the railroad track to this city.

The blimp's troubles began shortly after midnight, the commander said, when the sky became overcast. Before that time the balloonists had operated under a full moon, flying at an altitude of 1,000 feet. The big craft lost its bearing when approaching Little Miguel Island off the south coast of Newfoundland and about 170 miles from St. Johns.

Ford-Tribune Suit Progressing Slowly

By Associated Press Leased Wire
Mount Clemens, Mich., May 15.—Delay which may make it impossible to complete the jury in the Ford-Tribune libel suit today was encountered when Judge Tucker's court was called to order this morning.

This was due to necessity for more time for the lawyers to make investigations of the panel of 160 veniremen summoned late last night.

The men already in the box were given a recess but instructed to remain within call until the Ford lawyers who were not in court at the opening were ready. Later the recess was extended until this afternoon.

NC-1 IS FIRST TO HOP OFF ON ATLANTIC TRIP

Will Not Delay Start Until Arrival of Delayed NC-4.

BULLETIN

By Associated Press Leased Wire
TREPASSEY, N. F., May 15.—The American navy seaplane NC-1 left her moorings this afternoon for the flight to the Azores, taking along the water for the hop off.

The NC-1 left at 5:31 p. m. New foundland time.

The NC-4 was quickly followed by the NC-3 which taxied from her moorings at 5:52 p. m.

By Associated Press Leased Wire
St. Johns, N. F., May 15.—A seaplane, probably the NC-4, was sighted over the island of Pierre, 180 miles southwest of Trepassy at 4:30 p. m., (New York time.)

By Associated Press Leased Wire
Trepassy, N. F., May 15.—Commander John H. Towers, chief of the American seaplane division, announced today that the NC-1 and NC-3 might start before tonight for the Azores.

The commander stated that if the NC-4 left Trepassy 12 hours later than her sister planes she would be able to make the flight to Lisbon in their company. The trans-Atlantic voyage could not be delayed much longer he said because the destroyers in the warship patrol were exhausting their fuel.

NC-4 HAS TROUBLE

By Associated Press Leased Wire
Halifax, N. S., May 15.—The American navy seaplane NC-4 after leaving Halifax this morning for Trepassy, N. F., descended at Musquodoboit harbor owing to engine trouble, but resumed her flight at 11:47 p. m. (New York time.)

Senate Adjourns to Go to Meet Heroes

By Associated Press Leased Wire
Springfield, Ill., May 15.—Plans of the senate, today contemplated adjournment at noon in order to permit upper house members to leave for Chicago, en route for New York, where the Illinois welcoming committee will greet the 33rd division.

The lower branch will have a session tomorrow, but any members who wish to go to New York will be excused.

A delegation of legislators was ready to leave at noon for Joliet for a trip of inspection down the proposed route of the waterway. Representative McCabe of Lockport, chairman of a sub-committee of the house waterway committee, headed the delegation.

Six Drown as Coal Barge Sinks in Sea

By Associated Press Leased Wire
Portsmouth, N. H., May 15.—Six persons, including the captain's wife and four children, and the engineer were drowned when the coal laden barge Naticoke, owned by the Potter Transportation company of New York, sank off the Isles of Shoals early today.

Captain William Gray and Allen McGougal, a deck hand, were picked up by the coast guard at Rye Beach after they had drifted about in a small boat for several hours. They are the only survivors.

North Dixon Class.

The commencement exercises of the North Dixon high school will be held at the Methodist church on Thursday evening, May 22, at 8 o'clock. This will be the last distinctly North Side commencement. The speaker of the evening will be Prof. S. H. Clark, head of the department of Public Speaking at the University of Chicago. Mr. Clark has just returned from a coast to coast lecturing tour for the League to Enforce Peace and he comes with a vital message.

The subject of his address will be "Intimate Glimpses of Our Boys in France and Italy." This is representative of his experiences on a three months' visit to Europe just before the armistice, in close contact with our soldiers. It is not, however, primarily a war talk. Mr. Clark will use his experiences as the basis of an appeal to our young people to

Women Ask Peace on Wilson's 14 Points to Prevent New War

By Associated Press Leased Wire
Paris, Wednesday, May 14.—(Delayed)—The financial economic terms of the treaty with Germany condemn 100,000,000 people in central Europe "to poverty, disease and despair," according to the text of the communication sent to the peace conference by the women's international conference for permanent peace at Zurich. The United States is declared to have 25 delegates at the conference at which fifteen countries are represented. The text of the communication made public today follows:

"This international congress of women expresses deep regret that the terms of peace proposed at Versailles should so seriously violate principles upon which alone a just lasting peace can be secured and which the democrats of the world had come to expect. By guaranteeing the fruits of secret treaties to the conquerors, the terms of peace have tacitly sanctioned secret diplomacy, denied the principle of self determination, recognized the rights of the victors to the spoils and created all over Europe disorders and animosities which can only lead to future wars.

"By demanding disarmament from one set of belligerents only, the principle of justice is violated and the rule of force is continued. By the financial and economic proposals 100,000,000 people of this generation in the heart of Europe are condemned to poverty, disease and despair, which must result in the spread of hatred and anarchy within each nation.

"With a deep sense of responsibility, this congress strongly urges the allied governments to bring the peace treaty into harmony with those principles first enunciated by President Wilson, upon the faithful carrying out of which the honor of the allied peoples depends."

The communication was proposed by Mrs. Philip Snowden of England and was seconded by Miss Jeanette Rankin, former member of the United States congress from Montana. It was approved unanimously by the women's conference at which 15 countries are represented. America has 25 delegates at Zurich and Great Britain 23.

AUSTRIANS WILL GET PEACE PACT NEXT WEDNESDAY

Military Terms to Be Similar to Those Given Germans.

By Associated Press Leased Wire
Paris, May 15.—The Austrian peace terms probably will be presented to the Austrian delegation Wednesday.

The terms, it is understood, require the dismantling of the famous Skoda works, among other armament plants.

The council of four this morning discussed with its military advisers the military terms of the treaty. It is understood that these are similar to those in the German treaty including the prohibition of conscription.

DELEGATES GIVEN FREEDOM
By Associated Press Leased Wire
St. Germain-en-Laye, May 15.—The Austrian delegates to the peace congress who arrived here last evening, strolled freely through the streets and parks today apparently enjoying complete freedom of movement. There are no barriers here like those which surround the German delegates at Versailles.

The Austrians have made no request thus far to communicate with the German delegation.

THEY JUST BUSTED THAT ADAMSON LAW

Rockford, Ill., May 14.—Col. Roger D. Black, general staff officer, Washington, D. C., a son of Maj. Gen. W. M. Black, chief of the United States army engineering corps, arrived at Camp Grant to inspect the 13th engineers prior to their demobilization.

Thirteen hundred of the 13th receive their discharge by nightfall—kindly notice the date was the 13th (no—so they regard the fateful number as their lucky omen. Colonel Black's inspection did not impede demobilization of the regiment, as small detachments of the Chicago troops were mustered out early in the afternoon.

Troop of their record as the first American engineering unit to arrive in France, the 13th engineers have records to show their official citation four times as an organization for working under heavy fire transporting troops to the front.

Thirty-one of the officers and men of the outfit were decorated with the Croix de Guerre by the French government for bravery during the twenty-one months they were attached to the Second and Fourth French armies.

70 Hours at Stretch.
Although the personnel of the regiment is made up of union employees of five large railroads, the engineers totally disregarded the Adamson law and worked for 70 hours at a stretch without food or rest during the Argonne and other big drives to repair and operate the military railroads at the front. Their efforts enabled the movement of huge quantities of ammunition and large numbers of men to sectors where supplies and reinforcements were needed.

Col. C. L. Whiting, former superintendent of the Chicago, Milwaukee & St. Paul railroad at Chicago, commands the regiment.

Fosdick May Become Official in League

By Associated Press Leased Wire
Washington, May 15.—Raymond B. MANY PUT TO DEAD.
By Associated Press Leased Wire
Berne, Wednesday, May 14.—An isolated band of Russian prisoners of war, armed and wearing Bavarian uniforms and under the command of Spauran leaders was overwhelmed by Wuertemberg troops in a wool near Graefenberg, Bavaria, according to newspaper reports. They were court martialed and 72 men with the leaders were condemned to death and shot in a gravel pit near Lochhausen.

DIXON LOSES CIRCUS

Dixon has lost its circus. When E. W. Beckett, advance contract agent for the Barnum & Bailey and Ringling Brothers' combined shows returned to Sterling yesterday after spending a short time in this city looking over available show grounds, etc., he was met by a committee from the Sterling Association of Commerce who presented him with a signed receipt for ground rental, providing the big shows would appear in that city instead of in Dixon; and Mr. Beckett at once signed the contracts for the appearance of the circus there on August 14th. The circus will go to Sterling from Rock Island.

DISCOVER ATTEMPT TO BURN OGLE CO. COURT HOUSE BLDG.

Insulation Had Been Cut From Wires in the Attic.

A vicious attempt to destroy the Ogle county court house at Oregon, was discovered yesterday morning at an early hour by Court Bailiff Walter Perrine, while Judge R. S. Farrand of this city and Court Reporter Oscar E. Heard, Jr., were asleep in their rooms in the building. The bailiff noticed the odor of smoke as he passed through the hallway on the third floor and at once started an investigation.

The odor of smoldering wood was much more evident when he entered the stairway leading to the fourth floor or attic of the building. Here he discovered that some persons had torn down the electric lighting wires from the ceiling, cut off the insulation and so placed them on the floor as to start the pine floor to smolder. The discovery at the early morning hour is probably responsible for the fact that the court house was not completely destroyed by fire while the circuit judge and court reporter slept.

The matter was at once reported to Sheriff George Banning and an investigation started. It is quite evident that some one gained entrance to the building during the night and arranged for the destruction of the court house. The party was undoubtedly well acquainted with all of the wiring system and had carefully arranged the details of the deed.

PRISONER ATTACKED WITH APPENDICITIS

Leo Lindzey, prisoner at the county jail who was recently sentenced to serve a term of 60 days and pay a fine of \$1 for the theft of three inner tubes from William Pontius, is suffering from an attack of appendicitis and was taken to the hospital for an operation but upon arriving at the operating room, died. He did not care to have his appendix removed and was returned to his cell. His condition is not considered serious.

BABY SON IS DEAD; DADDY IN HOSPITAL

The one-year-old son of Mr. and Mrs. Arthur Roop, residing near Franklin Grove, died at the family home last evening. Death was due to measles and a complication of troubles following an attack of influenza. The mother of the child is ill with measles and the father is in the Lincoln hospital at Rochelle, where he was taken for an operation. Besides the parents, two brothers survive.

DECORATING MARKERS ON OAKWOOD GRAVES

The G. A. R., W. R. C., Spanish American War Veterans and other organizations are having the grave markers in Oakwood cemetery repaired and lettered. New York, May 15.—Reversal of the conviction of Joseph P. Rutherford and seven other members of the international bible students association and allied organizations who were found guilty of violation of the espionage act was ordered today in an opinion of the United States circuit court of appeals here.

The opinion states that the defendants who were convicted by a jury before Federal Judge Harlan E. Howe in Brooklyn did not have a fair trial.

COMPANY G IS ON HIGH SEAS ENROUTE HOME

Dixon's Fighting Unit Has Sailed from Overseas.

BULLETIN

By Associated Press Leased Wire
Brest, May 15.—The complete 33rd (Illinois National Guard) division (will be on its way home before nightfall. Troops of this division and 13,000 men of the 89th division were to sail today on the Leviathan, Agamemnon, America and Imperator—in all 30,000 men.

Attorney Henry C. Dixon, who during the period of the war was chairman of the Lee County Exemption Board, and Captain C. C. Preston, first lieutenant of Company G when it marched out of Dixon over two years ago and later commander of the organization when it became Battery C of the 123rd Field Artillery, left Dixon this afternoon for New York to extend Dixon's welcome home to the boys, who are now on the high seas, en route from a glorious record in France.

These gentlemen were asked to go by Chairman Charles Miller of the reception organization; their expenses will be paid by the business men of the city out of the funds being collected for the welcoming reception, and they were given carte blanche in caring for any Lee county boy in the contingent who may be in need of anything. Their instructions were to spare no expense in making Dixon soldiers realize that the community is glad they are back home and is proud of them.

Two Well Fitted.
The selection of these two men to go to New York to greet the returning heroes is very opportune. Mr. Dixon, as chairman of the Exemption Board during the entire period of the war, probably sacrificed more time, effort and personal business for the nation's need than any civilian in the county. It is indeed fitting that the man who had charge of inducting all of Lee county's men into the service should be chosen to welcome the unit which answered the call before the declaration of war and which has made a tremendously proud record.

Captain Preston's reunion with the men he was forced to leave because of eye trouble will be a wonderful occasion for him and the men. As first lieutenant of the old company he was held in affection and respect by his comrades and none were gladder than they when he won his commission as a captain. He was given an honorable discharge from the service because of his eye trouble, but has followed the activities of his old company closely and has been in correspondence with all of the Dixon men since they went to France.

The Dixon committee, which Col. W. B. Brinton was also asked to accompany, an invitation he was forced to

GOV. LOWDEN AND PARTY LEAVE TO WELCOME HEROES

Springfield, Ill., May 15.—Gov. Frank O. Lowden, accompanied by Adjutant General Frank S. Dickson, left here today for Chicago, where tonight they will proceed to New York to welcome the 33rd (Prairie) division home. The 33rd division, consisting of former Illinois guardsmen, is scheduled to arrive Friday evening on the Mt. Vernon.

Besides the governor and the adjutant general, other members on the welcome committee which will go east from Chicago include Joseph E. Mason, auditor of finance; Fred E. Sterling, treasurer; State Senators Curtis and Brady and former State Treasurer Len Small.

THOUGHT ABANDONED AUTO WAS STOLEN

Two deputies from the sheriff's office went to Nelson this morning to investigate a Mitchell touring car that was left standing on the Rock Island road east of the village last night. The machine bore no license plates and was thought to have been a stolen car. When the deputies arrived they found two men working on the engine. The machine belonged to a Sterling dealer and had stalled along the road last evening.

MARTIN WITH TANK EXHIBIT

The following notice which appeared in the Sunday issue of the Courier News, Fargo, N. D., dated April 6, 1913 will be of interest to readers of the Telegraph:

WHIPPET TANK ARRIVES, PROVES Big Attraction

"Morehead had its first look at a land battleship yesterday when the government's Whippet tank which arrived here early yesterday morning paraded the streets of the city. In spite of rain during the afternoon the battle tank which during the entire day had been surrounded by a throng of excited youngsters stopped at the corner of Front and Sixth streets. At the mass meeting there A. C. Martin, mechanic in charge of the machine, Captain Litz Ruesness, Edgar E. Sharp, and C. G. Dosland addressed the crowd on the victory loan. In the afternoon meetings were held at the normal school and at the Concordia college with the tank as the center of attraction. Dr. F. A. Wells and Mr. Martin addressed the meetings at the normal and at the Concordia college. Pres. Aasgaard were the speakers.

"The Whippet" tank is now on its way back to Camp Meade, having stopped enroute in Chicago for several days where it proved a great attraction. Dick Smith of the firm of Smith & Hull who was a beautiful day and the hosts of get through the crowd surrounding the big tank was surprised and glad to discover that the driver was Cal Martin and lost no time in forcing his way to him and a cordial greeting followed.

Cal expects to be home ere long and after a brief visit will leave for North Dakota where he has secured a fine position with a tractor company.

BIRTHDAY CELEBRATION

Marcus Gonnerman, having reached his 81st birthday, May 4, the event was nicely celebrated last Sunday, when 36 guests, relatives and friends assembled at the home and were entertained for dinner, some remaining for supper. It was a beautiful day and the hosts of friends had a most enjoyable time. On account of sickness quite a number of friends were detained from being present. Mrs. Henry Schafer baked the birthday cake, which was embellished with 81 candles.

Marcus Gonnerman was born at Hesse castle Germany, May 4, 1838. Came to America in 1858 direct to Franklin Grove and for a time worked for Chas. Hausen at \$10 per month. In 1862 was married to Christine Feman, also a native of Germany. Eight children were born to this union, seven of whom are now living. Mr. Gonnerman has been a successful farmer, has been retired for several years and now situated in a comfortable home he is reaping the rewards which result from honest, faithful endeavor.

The following is a list of guests: Henry Gonnerman, Mrs. Propeter, Henry Schafer and family, Mr. and Mrs. Tony Albright and family, of Franklin, Mr. and Mrs. Henry Semmler and family, Mr. and Mrs. Fred Gonnerman, Mr. and Mrs. John Gonnerman and family, Mr. and Mrs. Oswin Semmler and daughter, Mr. and Mrs. John Cordes, Adam Vaupel and son, Mrs. Andrew Vaupel and son, Mrs. Andrew Ventler, Miss Irene Folsch of Ashton.

Mothers' Day.

At the Methodist church Sunday morning, the Rev. Kerns delivered a fine address, paying a beautiful tribute to motherhood; her influence in the home and the dominating force of her character in the world. He especially emphasized the fact that the greatest need in the world today; above everything else, is the need of courageous religious mothers.

GOOSE GREASE BETTER THAN EVER

Grandma's old-fashioned remedy, turpentine and goose grease, probably has broken up more colds than any other remedy. The combination is still successful, but it has been greatly improved.

MEN THO-EZE is goose grease and turpentine with menthol, wintergreen, peppermint and other healing oils added. Rubbed on the chest, the goose grease and turpentine do as good work as they did in Grandma's time, but while they are working from the outside, the fumes of the menthol and other oils are inhaled, acting directly on the tender linings of the throat and lungs, relieving the soreness and loosening the phlegm—giving relief in 20 minutes.

Be prepared to treat the next cold as soon as you detect it—before it grows serious. Get a jar of MEN-THO-EZE today and keep it handy. In opal jars, 30c and 60c.

songsters charmed the ear. There is not a person in the community but could have received some instruction and benefit from this morning sermon. There was a good attendance but considering the day and occasion, the church should have been crowded with those who receive the sacred name of mother.

In front of the pulpit was a picture of a typical American mother. The subject was a dweller among the mountains of east Tennessee, where today the truest types of Americans can be found. The face which indicates a strong character is also expressive of a gentle spirit. The hands were rough and calloused with labor. They had never been manicured much, they had been too busy with cares for others. There were lines of care and sorrow and the cheeks had off been furrowed with tears, but faith, and hope and courage shone brightly forth from every feature.

Coming out from the meeting we noticed a lady with her arms full of great American Beauty roses. We found out they were the offering from her soldier boy, who en route from coast to coast passed through here Saturday. We recalled the sentiments expressed in the morning sermon. We thought what a beautiful tribute, these great red roses, with all their wealth of color and beauty, and fragrance, and even they could only express in a measure the love and sympathy between a courageous, religious mother and her loyal son, loyal to home and country.

A Tribute to W. H. WARE

By The Sandwich Mfg Co.

We are just as careful in selecting the dealers who sell Sandwich Easy Way Hay Loaders as we are in manufacturing these wonderful machines.

We do business only with a dealer whom we can recommend.

Our machinery is honestly built in every particular. For over sixty years we have been putting quality into Farm Machinery. And dealers who sell Sandwich Easy Way Loaders are honest, four sides square, reliable business men. You'll find this firm the best men in your town to trade with. We know, for we investigated them carefully before placing the Sandwich Easy Way Loaders in their charge exclusively.

This Machine and One Man Puts Up The Hay So Farmers Say

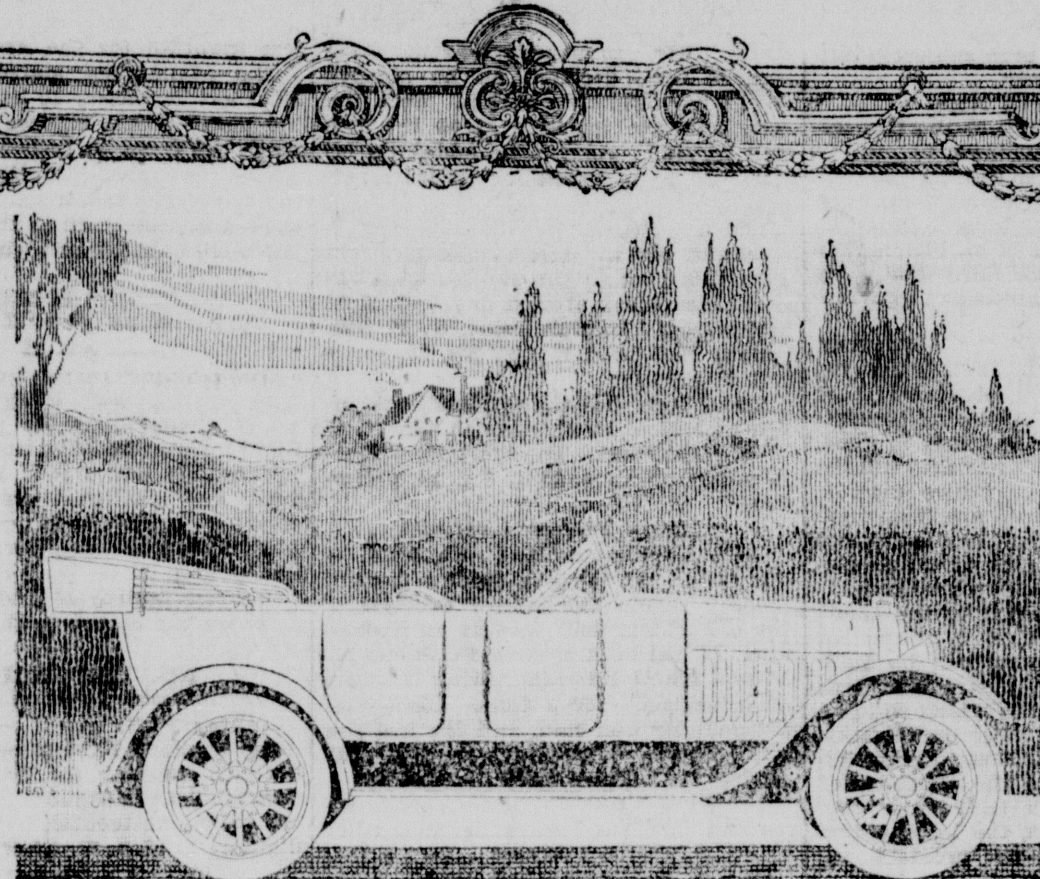

Farmers call this Easy Way the "One Man Hay Loader." They tell us one man can make a big full load. This Loader combines the Cylinder and Push Bar actions. The Cylinder gently lifts the hay from swath or windrow. The Push Bar forces it up and far onto the load.

Your work is easier, you save on labor and get in better hay.

So go to this Dependable Business Man—your friend and neighbor—and see this wonderful machine, the like of which you never saw before.

A HOT SPOT Chalmers: First in the Getaway

WE do not know if the Hot Spot Chalmers is the fastest car in the world in acceleration. That's a question probably that never will be settled.

But we do know there are figures on record which would make the average man think so. These figures are as follows:

12.2 miles per hour at 25 feet from a standing start
14.7 miles per hour at 50 feet from a standing start
16.5 miles per hour at 100 feet from a standing start
20.0 miles per hour at 150 feet from a standing start
23.4 miles per hour at 200 feet from a standing start
28.0 miles per hour at 250 feet from a standing start
33.3 miles per hour at 300 feet from a standing start
(Officially recorded by the A. A. A.)

To one who knows about the Hot Spot and Ram's-horn devices these figures are not surprising.

For they not only get all the action out of gas that nature put there, but they get it out in a hurry.

They make it simple, easy and quick for the engine to digest gas.

So that when you step on the accelerator button of a Hot Spot Chalmers you get immediate results. You don't have to run through three gears three blocks to get under way.

You make two shifts with your wrist in two jiffies and in six seconds you've run away from the big car.

This, of course, isn't all you get in a Hot Spot Chalmers. But it's refreshing to know.

For alertness in a car is like alertness in the human mind—very fetching; and something you never grow tired of.

AN UNEXPECTED VISITOR

CHAPTER XCIV

I had played but a short time before the bell rang, and Mr. Frederick's card was brought to me. I was calm. Music always soothed me, so I asked aunt to receive him, telling her I would be down in a moment. I could not forget that this man, kindly, clever, if a bit uncouth at times, cared for me. Woman-like I wished to appear to advantage to him even while I thought of him only as my very good friend.

I smoothed my hair, just touched my pale cheeks with rouge and powder, then joined him and aunt.

"I heard you playing; do not let me interrupt you," he said after greeting me warmly. "I am very fond of music, I know when I like it."

"You probably are a better judge than most people who claim to know," I said lightly. "I was playing in the dark. Mr. Forbes is out, and so aunt and I were amusing ourselves."

"I had hoped to find him at home," I sensed an undertone of disappointment in his voice, and felt anxious at once. What was it he had to say to Neil? I so wished he would tell me. Perhaps he would if I tactfully led up to it.

"Aunt has been trying to impress Neil with his duty to himself. That he really does want to attend to business in the evening. She hasn't yet been successful, however, as his absence shows."

"It is too bad that we men have that habit." He turned to aunt. "But some times it seems necessary. There is so much competition now-a-days, and so often men come from a distance and have to make the most of their time. That is especially so in New York with big concerns, or with men of large interests. I guess it does make it sort of lonesome for the women folks," he added in his kindly way, "but most of them are willing to put up with it, if it means more money."

"All women are not mercenary, Mr. Frederick," Aunt returned in her most severe manner. "No indeed! Many of them not enough so. But it costs a lot of money to live in New York—to live well. It keeps men hustling pretty lively. I often think how lucky I am not to have to live here. It's a great town all right—the greatest in the world. Fine to come to and let off steam. But after a few days of it I am ready for my little western town, where a man can wear a soft shirt, and let his manners correspond with his shirt. Here every one seems to be starched up, all glossy and shiny on the outside anyway. A bit uncomfortable for some of us who are used to being well—just sort of natural human beings without the frills."

"But society calls for form and for manner. I should think those Western mining towns would be, well, rather demoralizing," aunt replied. I could see she did not understand at all Mr. Frederick's simile, or his point of view. She was most conventional in all her ideas and actions.

"Not at all dear madame, sometimes I think they bring out the very best there is a man—a real man. The one who becomes demoralized in a mining town would become equally so in New York or any other place. Water seeks its level you know. I am a great believer in the theory that often hard knocks in the beginning of a career bring out the best there is in a man, easy places of the world makes men soft."

I loved to hear him talk, to watch

the play of expression on his strong face. But just then I was more interested in knowing what brought him, than in hearing him discuss theories with aunt. So I interrupted: "Have you seen Mr. Scott lately?" I would find out if he had changed his mind and been with Neil the night before.

"No not for a few days. Scott is a good sort, common, perhaps, and a bit vulgar sometimes," with a deprecating glance at aunt, "but honest all the way through."

"Yes, I have heard you say so. I think him a good influence for Neil," I replied a bit timidly.

"I don't know about the good influence in some ways. But he is straight as a string in business. A bad man to make an enemy. That was one reason I hoped to see Mr. Forbes tonight."

"There he comes now. He expected to be late—I am so glad. Neil, Mr. Frederick is calling," I rose to meet my husband.

"Just the man I want to see. Frederick! Excuse us please, we will go into the library." Neil had ignored me, addressing his remark to aunt. I so wished they had remained in the music room. I wanted to hear what they said. As I bade aunt good night a few moments later I wondered what had happened—had Neil offended Mr. Scott, and would he be his enemy?

Tomorrow—Frederick Tells Neil That Scott is Dangerous.

Asiatics Flock to Mexican Provinces

By Associated Press Leased Wire
Mexico City, Wednesday, May 14.—(Delayed).—Reports to newspapers here reflect considerable concern over the increasing number of Chinese and Japanese arriving on the Pacific coast states of Mexico. It is declared that 5,000 Asiatics arrived during March and that unless restricted measures are taken the number of immigrants for the current year will total 100,000.

Most of the Asiatics entering the country are taking up agricultural pursuits in the states of Sonora and Sinaloa.

WE NEED TO CURB DISEASES OF IMMORALITY.

Health Promotion Week should remind the members of our state legislature to adopt a law which will put Illinois into cooperation with the United States Public Health service in the nation-wide attempt to eradicate venereal diseases and to so educate the people to the dangers of these diseases that they will never again be as prevalent as they are now—as prevalent as physical examinations of young men preparatory to entering the army showed them to be.

Eight states have adopted far-reaching legislation, which prohibits persons getting married who are affected with a venereal disease. The states are Maine, New Jersey, New York, Oklahoma, Oregon, Vermont, Michigan and Texas. In some of the states certificates from reputable physicians are required before a marriage license can be issued.

Almost without exception this work is a result of the campaign being conducted by the United States Public Health service, in cooperation with state boards of health, for the eradication of venereal diseases. Publication of statistics showing the alarming number of blind children, still births, sterile marriages and other disastrous effects of venereally diseased persons marrying is awakening lawmakers to the necessity of control and preventive legislation.

The part played by venereal diseases in weakening the mind and causing crime was strikingly illustrated by examination of 97 girls sentenced to the Girls' Training school at Gainesville, Texas. Of the number 53 were found to be affected. As a result of the examination it was determined to make investigations of other institutions for delinquents and to have some provision for furthering the work included in a reformatory bill, which is to be considered by the Texas legislature next month.

It is time to lay false modesty aside and to combat these evils in earnest. We have often criticized Europeans for their "immoral standards," while they, in turn, are ridiculing us for attempting to hide what they have admitted to exist and which they seek to control.

WHY SHOULD CHINA SIGN?

China will refuse to sign the peace pact. Peace will be available for the world without her signature. Therefore why should China sign? It gives one a feeling of greater respect for China to know that she is refusing to ratify terms of peace which are in contradiction, so far as she is concerned, of the avowed aims of the peace conference.

China is a nation of unpreparedness, a nation divided against itself, the Peking government having very little power to enforce its edicts. It is a country of state's rights. North and South China are not in agreement. The several states or provinces are not in agreement, and no state is bound to acknowledge the rule of the central government any farther than it wants to.

Recognizing her weakness, China will submit to the terms of the peace, but she will not sign them. It would be like signing a warrant for the sacrificing of one's own good right arm.

The peace, so far as it concerns China, and also as to some of its other provisions, is a peace of compromise. And in international compromise, the weaker nation is sure to get the worst of it.

It will be a great test of the value of the league of nations, if that league's existence should be finally ratified, to note in the years to come whether China's rights will be insisted upon and safeguarded when the time comes for Japan to fulfill her pledge to restore the major part of Shantung province to China.

For the moment the Peking government, though refusing to sign, is fearing loss of the little power that it has because it is proposing to submit without signing. Demonstrations in Peking and elsewhere show great public dissatisfaction.

The peacock's fine feathers should have been given to the female species.

131st Presbyterian Assembly Convenes Today at St. Louis

By Associated Press Leased Wire

St. Louis, May 15.—Commissioners from every section of the country were in attendance here today at the opening session of the 131st general assembly of the Presbyterian church at which a moderator for the coming year will be chosen and wrold issues considered in determining the church's policy.

Laymen, who for the first time are eligible to hold high offices, are taking a leading part in the assembly and several prominent laymen, including William Jennings Bryan were being supported today for moderator, the highest office in the church.

Equality For Women.

A number of issues are to be fought out on the floor of the assembly which will remain in session until May 23. A determined effort to force adoption of resolutions granting women sex equality in church affairs, and to authorize women to act as ministers and elders in the church is sponsored by the Columbia river synod of Washington.

Efforts to bring about reconciliation between the Presbyterian church, U. S. A., and the Presbyterian church, U. S., better known as the northern and south-

ern churches, respectively, also will be made.

Women suffrage, the relations between capital and labor, the inter church world movement, reclamation and reconstruction work here and abroad are other matters to be considered.

While the report of the new era program, to be submitted to the assembly, indorses the inter-church, strong opposition to it has developed among many of the commissions, and an adverse report on the proposition will be presented by the board of home missions.

PEACE SUMMARY

By Associated Press Leased Wire

Germany has met with another rebuff from the council of four of the peace conference in the effort her plenipotentiaries at Versailles are making to secure alterations in the peace treaty by setting forth objections in a series of notes.

The council has refused to consider the note sent by the Germans regarding international labor legislation, and in a lengthy note states the reasons why such consideration is not given. The council's belief that the terms of the treaty meet the objects the Germans profess to desire is set forth and the

defects in the German plan are pointed out. Vigorous measures that will be an immediate result of a refusal of the Germans to sign the peace treaty have been planned by the council. Marshal Foch, commander in chief of the allied armies, is on the Rhine front and dispatches state that he will take such action as is necessary in the event of the failure of the enemy to sign the treaty.

An immediate economic blockade of Germany also is planned as a part of the program in case continued hostile action against the enemy is considered necessary.

The Austrian peace mission is at St. Germain-En-Laye, near Paris, having arrived Wednesday night and the belief in some quarters is that the peace terms the delegates will be asked to sign will be presented to them within a week, possibly within three or four days. The Adriatic question, which has so important a bearing on the Austrian treaty, has not yet been adjusted however and this fact may serve to delay the presentation of the terms.

Meanwhile there are reports that strong Italian forces have been landed at the ports of Zara and Sebenico on the Dalmatian coast between Fiume and Spalato. These forces are said to have moved inland and to be fortifying strategic points.

WONDERFUL MUSIC

I wish to call to the attention of the public that I have installed at my place of business, the Brunswick Billiard Parlor, corner Peoria and W. First St., Dixon, Ill., a Violano-Virtuoso. This instrument is designated by the U. S. government as one of the eight greatest inventions of today. It is a combination of violin and piano and is entirely electrically operated and renders the most beautiful and sweetest music the car ever heard.

PENN CORNERS

The service at the Christian church Sunday morning was largely attended. Rev. D. F. Seyster chose for subject, "Moving a Mountain," which proved to be very interesting and enlightening.

RHEUMATISM LEAVES
YOU FOREVER

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer in this vicinity that if two bottles of Allenru, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenru has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitious and where the patient was helpless.

Allenru relieves at once. Immediately after you start to take it the good work begins. It searches out the uric acid deposits, dissolves the secretions and drives rheumatic poison out of the body through the kidneys and bowels. It's marvelous how quickly it acts. Blessed relief often comes in two days, and even in cases where the suffering is most painful all traces disappear in a few days.

Mr. James H. Allen, the discover of Allenru, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenru decisively conquers this worst of all diseases, and he has instructed your druggist to guarantee it in every instance.

as treated. Bible school next Sunday. Preaching service in two weeks.

The graduates of the Fairview and Highland schools will hold their graduating exercises at the Christian church here Thursday evening, the twenty-second. A good program will be given. All are cordially invited to attend.

Mr. and Mrs. Harry Cooley were Sunday dinner guests at the home of her parents here.

Mr. and Mrs. Stewart Nettz, of Dixon, were guests Sunday at the Edward Nettz home here.

Miss Inez Dockery, who underwent an operation at the Dixon hospital last Friday for appendicitis, is improving rapidly and will soon be removed to her home here.

Mr. and Mrs. Gordon Cunningham and daughter and Miss Lillie, were Sunday dinner guests at the Harry Powell home. Mr. and Mrs. Clark Powell and Miss Hazel Powell, of Polo, were afternoon callers also.

Mr. and Mrs. Charles Mumma and Mrs. Amanda Clark enjoyed an automobile ride Friday afternoon to Polo, Eagle Point and Dixon.

Miss Ethel Seyster, who underwent an operation for the removal of her tonsils, is making a good recovery.

Mr. and Mrs. Grover Coffman and daughter, and George Coffman were entertained Sunday at the Harvey Deeter home in Stratford.

Mr. and Mrs. Ringer left Sunday for their home in Maryland after visiting with relatives here. William Stauffer accompanied them as far as Chicago.

Mr. and Mrs. Erastus Dimmick and son, of Dixon, attended services at The Corners Sunday.

Clinton Barnett and daughters were guests Sunday at the D. F. Seyster home.

Mr. and Mrs. Harry Huffman and children, of Marengo, returned home Sunday after visiting in the Jewett Huffman and J. O. Longman homes here.

Commencement invitations should be ordered early. Teachers and pupils call at The Evening Telegraph office and see samples.

Bill Provides for
Help to Disabled

By Associated Press Leased Wire
Springfield, Ill., May 15.—A school of rehabilitation for physically handicapped persons over sixteen years of age and co-operative activities throughout the state, subject to the direction of the state department of public welfare, would be created by a bill introduced by Senator Swift and referred to the community welfare.

The main rehabilitation school would be maintained in one of the large cities in the state and other subordinate institutions of similar nature would be established at other places where needed. In addition, the department would be authorized to arrange with state and local school authorities and with any public or private organization for training courses in small centers.

Physically handicapped persons would be given maintenance amounting to \$10 a week for twenty weeks, and would be furnished, at cost, with artificial limbs and other orthopedic and prosthetic appliances, to be paid for in easy installments.

The measure would provide for co-operation with hospitals and other sources of information, as a means of learning who might need attention, and with the department of labor in order to find employment for persons rehabilitated.

Farm Tenancy Bill
Before Lower House

By Associated Press Leased Wire
Springfield, Ill., May 15.—Gov. Lowden's farm tenancy commission bill, introduced in the senate by Senator Kessinger and tabled by the senate agriculture committee, is on the house calendar, and is said to have an excellent chance to pass.

The house bill, sponsored by Representative F. A. McCarthy, was sent to the appropriations committee of the

lower branch where it was known to have friends.

Gov. Lowden would be authorized to name a commission of five to "investigate the subject of farm tenancy in this state; the relation between landlord and tenant in the matter of improvements upon and maintenance of the fertility of the land; and such other questions as may bear upon the problem of the relationship between landlord and tenant in this state."

The bill appropriates \$2,000 to carry out the provisions of the act, and provides that commissioners shall be reimbursed for necessary traveling and other expenses, but shall receive no compensation.

Life of the commission would cease with the convening of the fifty-second general assembly. A report of findings would be required not later than December 20, 1920.

Britain Resents the
Meddling of Dunne

By Associated Press Leased Wire
London, Eng., May 15.—Andrew Bonar Law, government leader in the House of Commons, admitted today that Premier Lloyd George had asked Frank P. Walsh, Edward F. Dunne and Michael F. Ryan, representatives of Irish societies in the United States, to call on him. He had planned to lay before them the British case and have it widely reported in America where it is insufficiently understood, Mr. Bonar Law said.

The premier has withdrawn the invitation, the government leader said, because while he is willing to receive Americans he is unwilling to receive those who "come to Ireland and not only take part in the politics of Ireland but also in rebellious movements."

Wives! Lock Up Your
Money and Valuables

By Associated Press Leased Wire
Chicago, Ill., May 15.—A husband cannot steal from his wife, according to a court ruling made public today. Just home from overseas, Wm. Stoddard was arrested at the instigation of his wife on a charge of stealing a \$50 Liberty bond from her. At the hearing Stoddard said he took the bond to buy "civvies" and doff his khaki.

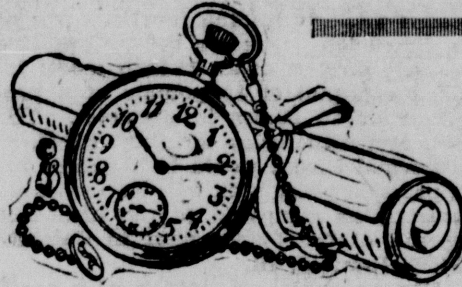

"What is a wife's is also her husband's," Justice W. Stevens Lewis ruled: "Discharged."

Clubs and societies, when in need of programs or booklets are asked to call at the B. F. Shaw Ptg. Co.'s job plant, see samples and get prices.

INQUEST DETERMINED
DEATH WAS NATURAL

Coroner Samuel Whetston yesterday afternoon conducted an inquest over the remains of Mrs. Amanda Everett, colored, who died suddenly Tuesday evening at the Katherine Shaw Bethea hospital, where she was employed as a domestic and cook. The jury after hearing the evidence, returned a verdict finding that death was due to plural heart lesion. The funeral of the aged lady was conducted from the Staples, Moyer & Schumm chapel this morning at 10 o'clock. Rev. Simpson, pastor of the Baptist church conducted the service and interment was made in Oakwood.

Mr. and Mrs. John Welsh are moving to the John Bachman farm.

CLEAN-UP
and
PAINT-UP

You don't want Mother Nature to outdo you in the matter of putting everything in apple pie order for the Summer season, so take this gentle tip—Clean-Up and Paint-Up.

Look around the premises and see where a bit of carpentry work not only will make things look better but will add years to their wear. We'll be pleased to help you select the TOOLS to do it with.

You also can make things last a little longer by doing a little painting here and there. We've a full line of all kinds of PAINTS, VARNISHES and OILS in bulk or any size can for large and small jobs.

In HOUSECLEANING SUPPLIES you will find us fully equipped to take care of your every need and we cordially invite every housewife to come in and see our complete assortments of housecleaning helps and devices.

From the standpoint of economy, it is much cheaper to keep things in repair and looking well than to allow them to go to waste, especially when a little fixing and a dab of paint will do the trick.

Soap and Water, Paint and Whitewash, Tools and Nails, Brushes and Mops, are powerful allies against disease germs. Now is the time to clean out that cellar, put a coat of paint on that dirty wall, nail down those loose floor boards, screen up the kitchen door, trim the fence hedge, mow the lawn, paint the house, shingle the roof, mend the drain pipe—It's Clean-Up and Paint-Up Time.

As a mean of protecting your property and as a matter of civic pride, Clean-Up and Paint-Up NOW! We can help you "get your house in order."

Protect Them All

Protectall
Wardrobe Bags
For Daily Use and Storage

More clothes are ruined by improper care when not in use than they are by actual wear. Why not give them the best of care by keeping them all in Protectall Bags.

By simply tucking in the dust flap your garments are protected from dust and dirt. By double folding the edge, for storage, the bag is made air-tight and moth-proof, yet it is odorless.

Protectall Bags are made of strong rope fibre paper and will last for years. The side opening makes them as convenient as your clothes closet. Several garments may be placed in one bag.

The saving in clothes and cleaning bills will pay for the bags in a very short time. Made in three sizes for dresses, suits and waists.

CORN GAINS IN STRENGTH AFTER OPENING SESSION

By Associated Press Leased Wire

Chicago, May 15.—Although some weakness was shown in the corn market today prices later developed considerable strength. At first, the chief influence was the announcement that beginning May 20 the government would have moderate quantities of wheat for sale. Opinion gained ground however, that the effect of such sales would be slight and transient. Corn prices, which opened unchanged to 1/2¢ lower with July 1.61 1/2 to 1.62 and Sept. 1.54 1/2 to 1.55 were followed by an additional 1/2¢ and then by an uptick all around to well above yesterday's finish.

Oats displayed firmness from the outset. Improved eastern demand was the reason assigned. After opening 1/2¢ off to 1/2¢ up with July 66 1/2 to 66 1/2, the market continued to ascend. Trading in provisions was nearly at a standstill. Quotations were without important change.

Offerings were light, especially in the May delivery which touched the highest price yet this season. The market closed unsettled 1 1/2¢ to 5 1/2¢ net higher with July 1.64 1/2 to 1.64 1/2 and Sept. 1.56 1/2 to 1.56 1/2.

TRAINING RULES FOR NURSES ARE RELAXED IN BILL

By Associated Press Leased Wire
Springfield, Ill., May 15.—The senate today passed, 32 to 1, the nurses' registration bill, intended to lessen slightly the training requirements and increase the supply of nurses. It was agreed to by both nurses and physicians of the state.

Under the bill as it now stands, a two year course would be required instead of three for the issuance of a "registered nurse" certificate. One year of high school would be necessary as a prerequisite.

Senator Boon's resolution, directing the attorney general to learn whether the consumer's company of Chicago is holding real estate contrary to law was passed by the senate.

An invitation to the general assembly to visit the state university at Champaign-Urbana was read in the senate today.

After extended debate in which there was some levity, the senate advanced the "rat bill" of Representative Rice which proposes a bounty of five cents a head on every rat pelt or head presented to county clerks. A motion of Senator Roos to strike out the enacting clause and an amendment of Senator Devoir to decrease the bounty from five to two cents a head were defeated.

Representative Smekal's bill appropriating \$10,000 to maintain free employment bureaus in cities of 25,000 population or over until July 1 and Senator Dunlap's bill appropriating \$125,000 for the purchase of land near Tama, Ill., on which to mine gravel for road building were passed by senate. The Smekal measure now goes to the governor and the Dunlap bill to the house.

The senate today refused to concur in house amendments to the bill of Senator Roos known as the "Reinberg bill" passed by the house yesterday. In its present form, the measure is said to impose too much authority in the president of the Cook county board of commissioners. It was intended originally to enable the board to pass an ordinance over the president's veto by a two-thirds vote.
